## COVID 19 Returning Employee Questionnaire

The safety of our employees, homelands members, customers, families and visitors remain our overriding priority. The Coronavirus disease (Covid-19) outbreak continues to evolve and spread globally. Laynhapuy are monitoring the situation closely and will periodically update our company guidance based on current recommendations from the *Center for Disease Control and Prevention* and the *World Health Organisation*.

To prevent the spread of Covid-19 and reduce the potential risk of exposure to our Homelands, workforce and visitors, we are conducting a simple screening questionnaire to be completed **prior to returning to work at the Laynhapuy Homelands resource centre or any of our Homelands**. Your participation is important to help us take precautionary measures to protect you and everyone in Laynhapuy.

**Please return completed form to Jeff Cook/Ebony Tinirau.**
