## COVID 19 Visitor Questionnaire

The safety of our employees, homelands members, customers, families and visitors remain our overriding priority. The Coronavirus disease (Covid-19) outbreak continues to evolve and spread globally. Laynhapuy are monitoring the situation closely and will periodically update our company guidance based on current recommendations from the *Center for Disease Control and Prevention* and the *World Health Organisation*. Please if you become unwell while in the Homelands, isolate yourself from community members and ring Laynha health to plan for a COVID test. It is the individual's responsibility to keep up to date with recently declared hotspots which are changing daily.

To prevent the spread of Covid-19 and reduce the potential risk of exposure to our Homelands, workforce and visitors, we are conducting a simple screening questionnaire to be completed **prior to visiting the Laynhapuy Homelands resource centre or any of our Homelands**. Your participations is important to help us take precautionary measures to protect you and everyone in Laynhapuy.
